### SCIENCE

#### **A HEALTHY DIET FOR A HEALTHY BRAIN 52'**

Food goes straight to our brain. What should we eat to make sure our brain stays healthy? Many recent discoveries have shown that our mental health, our moods, and our intellectual ability are directly influenced by what we eat. One more good reason to avoid "junk food" and to make our plate an ally for our intellectual and mental health... Laboratories across the entire world are in the process of revealing and explaining the influence that food has on the way our brain works.

In this investigation, scientists observe corn-eating-hamsters becoming cannibals, rats losing their memory because of junkfood, and reduced violence amongst prison inmates who take certain vitamins. **How can we protect our brain, and most importantly, what is the ideal food to eat to maintain it and make sure it develops properly?**

## HISTORY

### THE LAST NEANDERTAL 52'

The extinction of the Neanderthals is one of our most intriguing mysteries.

**Why did they disappear and how did we end up taking over the earth?**

With exclusive access to a very rare archeological find - the skeleton of a very late Neanderthal - we have the chance to explore these questions. The bones found are 40,000 years old - which means that this male lived at the exact moment when the Neanderthals were fast dying out.

**PROVISIONAL DELIVERY: MAY 2019**

### THE SECRETS OF BUILDERS: NOTRE-DAME

2x45' UHD

The history of this great stone edifice was written over more than 700 years and it's one of the most incredible human stories and scientific feats ever. Produced for a science prime time slot, **using 3D animation to rebuild the cathedral, 2D animation to tell the human story, this film will bring both this spectacular historical epic tale to life, and show that the builders were awesome creators, using cutting edge technology from the time as they invented modern architecture and engineering.**
